

Transforming Clinical Practices Initiative

CMS Transforming Clinical Practices Initiative (TCPI) helps clinicians *advance their practices, lower healthcare costs, and improve the health of patients.*

- **29 practice transformation networks (PTNs)** awarded
- **10 support and alignment networks (SANs)** awarded to support PTNs
- Awarded **\$18.4 million** of \$685 million total
- **4 Years:** Oct. 2015 – Sept. 2019
- Transform **140,000 Clinician** practices

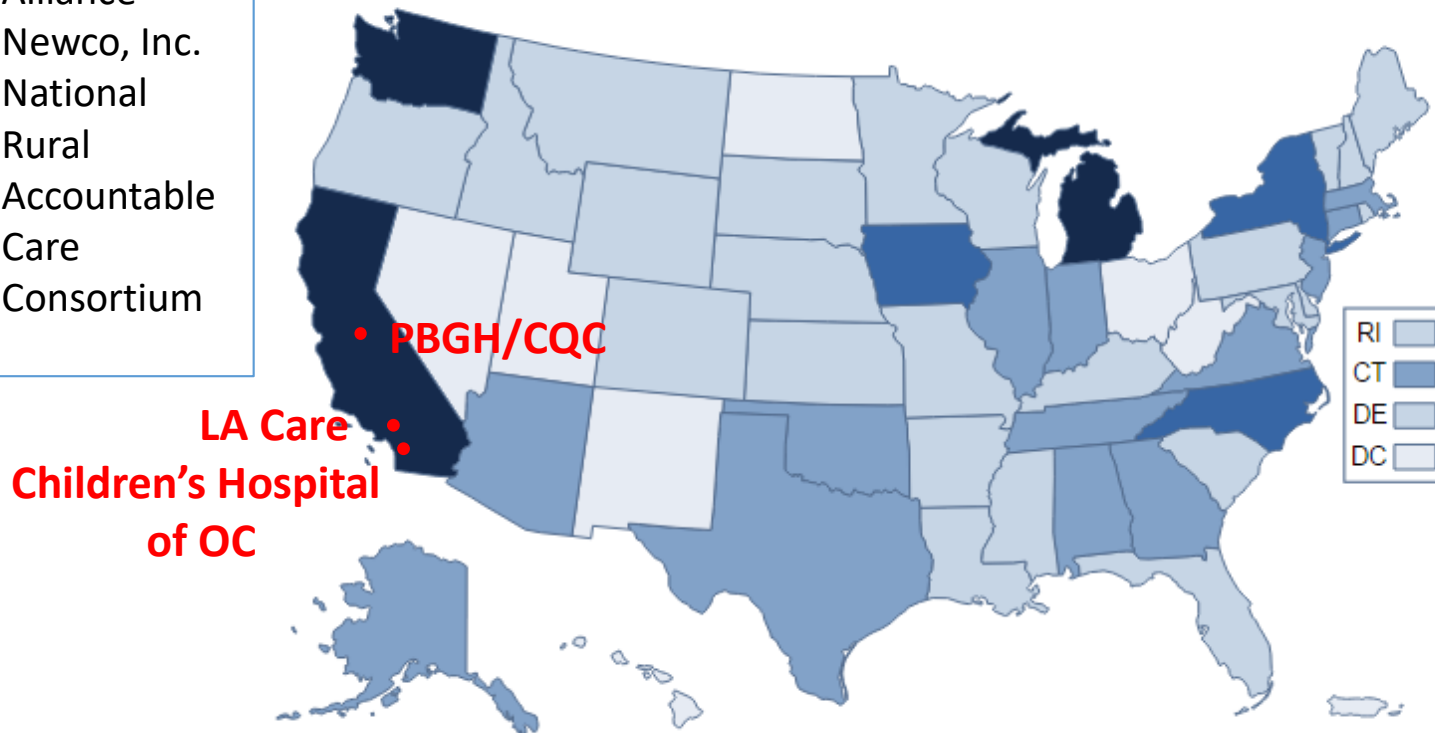

= the Quadruple Aim

Practice Transformation Networks

National PTNs in CA:

- VHA/UHC Alliance Newco, Inc.
- National Rural Accountable Care Consortium

0 PTNs 1 PTN 2 PTNs 3 PTNs 4 PTNs 5+ PTNs

Source: Centers for Medicare & Medicaid Services

CMS' National Transforming Clinical Practice Goals

- 1** Support more than 140,000 clinicians in their practice transformation work
- 2** Improve health outcomes for millions of Medicare, Medicaid and CHIP beneficiaries and other patients
- 3** Reduce unnecessary hospitalizations for 5 million patients
- 4** Generate \$1 to \$4 billion in savings to the federal government and commercial payers
- 5** Sustain efficient care delivery by reducing unnecessary testing and procedures
- 6** Build the evidence base on practice transformation so that effective solutions can be scaled

Practice Transformation Initiative (PTI)

PBGH Practice Transformation Initiative Goals

Support 4,800 clinicians thru 16 – 18 Provider organizations

Improve health outcomes for 3.5 million Californians

Reduce hospital and ED utilization by 5%

Generate \$242 million in savings

Sustain efficient care by reducing unnecessary testing by 5%

Build the evidence on scaling transformation

Measures

All Patients at the Practice

Minimum of 7 reported by NPI monthly

Clinical Quality

- Controlling blood pressure with HTN
- Asthma Medication Ratio
- For Patients with Diabetes:
 - HbA1c testing
 - HbA1c < 8.0
 - HbA1c > 9.0
 - Eye exams
 - Nephropathy
 - BP < 140/90

Utilization

- Emergency Department Visits/1000
- Hospital discharges, bed days, ALOS
- Imaging for Low Back Pain
- Cervical Cancer Under and Overscreening

Patient Experience

- # of clinicians receiving regular patient feedback

Benefits to participating organizations

Funds to Hire Practice Coaches

- \$1,700/per participating clinician to 16 – 18 Provider organizations

Coaching Support

- Peer to peer Learning Network for leaders and practice coaches
- Customized coaching on quality, data use and improvement

Technical Assistance

- Training for practice coaches (UCSF “10 Building Blocks”)
- Customized consulting support on building systems to capture data

Reporting and Feedback

- Quarterly dashboards by organization, site, and clinician

PTI Participation Key Decisions

- **# of clinicians committed:** _____ (minimum of 200)
 - Primary care: _____
 - Specialty care: _____
- **Initial measures to be reported at the NPI Level:**
 - **Clinical:** (at least 5)
 - **Utilization:** (at least 2)
- **Next cohort starting in January 2017**

13 PTI Organizations

COHORT 1

AppleCare Medical Management (Buena Park)

Molina Health Plan (San Bernadino)

Molina Medical Group (Long Beach)

Physicians Medical Group of San Jose (San Jose)

Prospect Medical Group (Santa Ana)

St. Joseph Health (Irvine)

COHORT 2

Allied Pacific IPA (Alhambra)

Central Valley Collaborative (Fresno)

Hill Physicians Medical Group (San Ramon)

MedPOINT Management (Woodland Hills)

North Coast Health Improvement & Information Network (Eureka)

Palo Alto Medical Foundation (Palo Alto)

Sharp Community Medical Group (San Diego)

Practice Transformation Initiative Driver Diagram

AIM:
To measurably improve **quality** of care while decreasing **cost** for **4 million Californians** by working with **4,800 clinicians** across **16 Provider Organizations** in a Practice Transformation Network.

Measurements: Quality & cost improvements demonstrated by an average of 15% improvement across a set of indicators for:

- *Diabetes, hypertension & asthma management*
- *ED & hospital utilization*
- *Back pain imaging*
- *Cervical cancer screening*
- *Patient feedback*
