Substantial CVD Event Reduction Findings from the REDUCE-IT Trial (Icosapent Ethyl) and Additional Advances

Deepak Bhatt, MD

Executive Director of Interventional Cardiovascular Programs; Professor, Harvard Medical School; Principal Investigator, REDUCE-IT Trial

Nathan Wong, PhD, FACC, FAHA

Professor, School of Medicine & Department of Epidemiology; Director, UCI Heart Disease Prevention Program, School of Medicine; University of California, Irvine

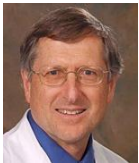

William J. Bommer, MD, FACP, FACC

Statewide Chairman, Right Care Initiative University of Best Practices; Specialty Delegate, California American College of Cardiology and California Medical Association; Director, California ePCI Program; Director, Prevention Forward Program and Professor of Medicine, Division of Cardiovascular Medicine, University of California, Davis

Dear Medical Directors, Nursing Leaders, Pharmacy Leaders, Right Care Enthusiasts, and Clinical Quality Improvement Leaders:

Please join us on Monday, March 8, 2021 for an important learning session with Dr. Deepak Bhatt of Harvard, Dr. Nathan Wong of UC Irvine, and Dr. William Bommer of UC Davis. Drs. Bhatt, Wong, and Bommer will be discussing the REDUCE-IT trial, specifically the use of Icosapent Ethyl to reduce residual risk for heart attacks and strokes. An article published by the New England Journal of Medicine on January 3, 2019 highlighting this important work for improving cardiovascular outcomes is [linked here](#). The Right Care Team is looking forward to working with you to improve patient outcomes. Together we can prevent and better manage heart attacks, strokes, heart failure, diabetes and Severe Acute Respiratory Virus-2.

Sincerely,

William J. Bommer, MD, FACP, FACC

Statewide Chairman, Right Care Initiative University of Best Practices; Specialty Delegate, California American College of Cardiology and California Medical Association; Director, California ePCI Program; Director, Prevention Forward Program and Professor of Medicine, Division of Cardiovascular Medicine, University of California, Davis

Scott Flinn, MD

Co-Founder, Right Care Initiative University of Best Practices; Regional Medical Director, Blue Shield of California; Former US Navy Undersea Medical Officer with Navy Seals

Stephen M. Shortell, PhD, MBA, MPH

UCB School of Public Health, Center for Healthcare Organizational and Innovation Research (CHOIR); Distinguished Professor of Health Policy and Management Emeritus, Blue Cross of California; Co-Founder, Right Care Initiative

Hattie Rees Hanley, MPP

Director and Co-founder, Right Care Initiative, Center for Healthcare Organizational and Innovation Research, UC Berkeley School of Public Health

CME Statement:

The Keck School of Medicine of the University of Southern California is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Credit Designation: The Keck School of Medicine of the University of California designates this live activity for a maximum of 2 AMA PRA Category 1 Credit(s)TM.

Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Allied Health Care Professionals: Registered nurses may report up to 2 credit hours toward the continuing education requirement for license renewal by their state Board of Registered Nurses (BRN). CME may be noted on the license renewal application in lieu of a BRN provider number. The National Commission on Certification of Physician Assistants states that AMA accredited Category 1 courses are accepted for re certification.

Objective: Evaluate ability to adopt evidence-based practices and interventions for preventing and better managing premature heart attacks, strokes and diabetes.

Disclosure:

As an organization accredited by the ACCME The Keck School of Medicine of the University of Southern California requires everyone who is in a position to control the content of an education activity to disclose prior to the activity all relevant financial relationships with any commercial interest. All disclosed relevant financial relationships would have been resolved prior to the commencement of the activity.

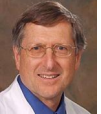

Deepak Bhatt, MD, has indicated he has received grant/research support from Abbott, Amarin, Amgen, AstraZeneca, Bayer, Boehringer Ingelheim, Bristol-Myers Squibb, Cardax, Chiesi, CSL Behring, Eisai, Ethicon, and Ferring Pharmaceuticals. Nathan Wong, PhD, has indicated he has received grant/research support from Amarin, Amgen, Novartis, and Esperion; is a consultant for Novartis and on the speaker's bureau with Amarin and Esperion. Dr. Bommer has indicated that he has nothing to disclose.

Educational Format: This activity will include didactic lectures with Q&A. This activity will be evaluated by each participant at the end of the fiscal year.

Target Audience: The activity content is oriented to address the educational needs of attending physicians/faculty, residents/fellows and other allied health care professionals.
